Aufgabe:

Read Miranda's diary. Number the statements (A – D) in the order they happened.

Dear Diary,

I had such a great day today! Mom and I have talked about going to New York City for weeks.

I've always wanted to go shopping there! The stores are so big. I always find something to buy. There's so much choice – that's why I wanted to go.

I also really enjoy sightseeing, visiting parks and museums. We went to Central Park and I loved walking around the zoo there. We also had a picnic lunch. I love the park since you can enjoy nature and at the same time you are in the middle of a busy city with enormous skyscrapers. That's amazing!

The other day Mom and I talked about the project I have to do for my history class. We looked at old photos of family members and talked about their lives before they immigrated to America. That's why Mom took me to a special place today. We wanted to see if we could find our family name somewhere in the Ellis Island Immigration Museum. We walked through the same rooms immigrants had to walk through. It was a bit strange and then Mom found the name 'Flynn' on the Wall of Honor. It was quite something. I took many photos of the building outside, but you're not allowed to take any inside which is too bad. We did a lot of walking and now my feet hurt.

I love doing things with Mom. She's usually so busy but when she's relaxed she can be so much fun to be with.

- A. Miranda and her mom ate lunch in Central Park.
- B. While Miranda and her mom were in the city they went shopping.
- C. Miranda and her mom planned a trip to New York City.
- D. They visited the Ellis Island Immigration Museum.
